

AFEX MORTGAGE

The Daily Standard

THE DAILY SCHEDULE

8:00 – 11:00 AM | Front End — Push Hard

New business only. Submissions and reggies are the scoreboard.
Nothing else touches this window. Protect it.

11:00 – 11:30 AM | Follow-Ups & Client Updates

Call your clients in process. Give a real update on where they stand.
Request documents. Arive notes or your director will tell you exactly what's needed.
A client who hears from you is a client who stays.

11:30 AM – 12:00 PM | Back to Front End — Heavy

Pacific time just opened. These clients have not been called yet.
First voice they hear wins the deal.

12:00 – 1:00 PM | Lunch

Take care of yourself. Eat, reset, come back sharp.
Finish early? Hop back in — momentum is worth more than the clock.

1:00 – 4:00 PM | Front End + Hot Prospects

Biggest block of the day. Dials stay up.
Chase your hot prospects for documents while they're still warm.

4:00 – 4:30 PM | Clear Conditions — If Needed

Conditions outstanding? Clear them now.
Nothing pending? Stay front end heavy.

4:30 – 5:00 PM | Finish Strong

The last thirty minutes separate good months from great ones.
One more dial. One more conversation. One more submission.

NON-NEGOTIABLES — THE NUMBERS

- ▶ **250 Dials Minimum** — Every day. Activity is the one thing fully in your control.
- ▶ **45% Talk Time** — Dials get you in the door — conversations close loans.

NON-NEGOTIABLES — HOW WE SHOW UP

- ▶ **Be On Time, Be Ready** — Logged in, headset on, list loaded before the hour starts.
- ▶ **Stay Coachable** — Feedback is an investment in you, not a critique of you. Take the note, run it the next call, report back.
- ▶ **Ask Early** — Stuck on a file or a scenario? Ask in the first five minutes, not the last five. Nobody here loses points for asking.
- ▶ **Own the Outcome** — No blaming the list, the rate, or the market. Control what you control: your dials, your tone, your follow-up.
- ▶ **Protect the Floor** — Energy is contagious in both directions. Bring the kind you'd want sitting next to you.
- ▶ **Celebrate the Wins** — Ring it. Announce it. A teammate's submission is a signal it's working — feed off it.
- ▶ **Leave It Better** — Clean notes in Arive, accurate dispositions, honest pipeline. The next person on that file is counting on you.

Structure creates freedom. Follow the schedule, hit the numbers, and the results take care of themselves.
