- Value is X
- Cash out is X. **IS THAT CORRECT?**

- Our current branch is actually top 2 in the nation when it comes to refinance and purchases

*What we do:*

*“We are a top mortgage broker partnered servicer with the top servicing banks to make sure*

*we provide the best mortgage solution” (I always use the analogy only guy at an all-girl*

*bar and they are fighting to give you the best rate)*

## 4. LOAN OPTION (STRUCTURE THIS BASED ON POSITIVES +-+)

### DO NOT SAY ANYTHING HIGHLIGHTED

- Rate
- Payment (In hundreds not thousands)
- Cash out (thousands) (All I advise is not to take it to the casino and if you do and you win don’t forget who got you there)
- 2k skip payments
- Escrow refund

## 5. TRACK YOUR FILE IN PROCESS AND AFTER YOU CLOSE:

- In process if rates go down more than a quarter, we make that adjustment for free
- Now for 2 and a half years minimum if rates go down more than a full percentage we reach back out and adjust it **FOR FREE WITH NO ORIGINATION**

**6. CLOSE****• FIRST CLOSE:**

- *This makes a ton of sense, let me get this sent out to you so we can get the ball moving.*
- *For the appraisal, which may or not be needed, would you prefer it to be done on a weekend or weekday?*
- *(If there is no appraisal) For closing day since it will be completed in person, would you prefer that to be done on a weekend or weekday*

**• AFTER YES:**

- *Now I am going to ask you some government questions*
- *Any bankruptcies or judgements*

**• AFTER APPLICATION:**

- *I HAVE A MEETING WITH MY UNDERWRITERS ON THIS FILE IN 30 MINUTES SEND OVER THE DOCUMENTS THAT WE NEED TO GET THIS GOING FOR YOU*
